

## PRINCE2 Agile - Foundation

---

### Overview

The PRINCE2 Agile Foundation certificate is designed to help professionals deliver agile projects by tailoring PRINCE2 management controls with a broad toolset of agile delivery techniques and frameworks.

### Course Objectives

The key objectives of this course are to:

- Understanding key concepts and projects within PRINCE2®
- Understanding key concepts and projects within PRINCE2® Agile
- Understand how PRINCE2® principles, themes, processes, and management products are tailored and / or applied in an agile context
- Understand the agile ways of working, key terms, and techniques.
- Understand the focus areas in an agile context.

### Duration

3 Days

### Who Should Attend

PRINCE2 Agile is suitable for anyone who delivers projects, large or small, in an agile context. It is a valuable training and certification scheme for anyone working within an agile project environment, whether they are a project manager, project support or part of the wider project team.

### Prerequisites

PRINCE2 Agile Foundation has no prerequisites. Those without any pre-existing knowledge of PRINCE2 are eligible to sit the certification as this will be covered during the training.
